

Members	Module	Section	Observation	Impact	Recommendation	Priority	Screenshot
Navodita Singh	UI/UX Analysis	User Journey	Grocery category has services but no products/vendors in many locations	Users cannot complete purchase journey	Increase vendor onboarding and product availability	P1	
		Search Experience	Search results inconsistent across categories	Difficult product/service discovery	Improve search algorithm and keyword mapping	P1	
		Vendor Discovery	Empty vendor listings in multiple service categories	User frustration and drop-offs	Display available vendors first and improve coverage	P1	
		Navigation	Users require multiple clicks to find some services	Reduced usability	Simplify navigation structure	P2	
		First-Time User Experience	Shopping and service sections are not clearly differentiated	New user confusion	Improve onboarding and category explanations	P2	
		Doctor Booking	Time displayed in 24-hour format	Reduced readability	Convert timings to AM/PM format	P3	
		Doctor Profiles	Doctor experience and qualifications not highlighted	Lower user trust	Display experience, specialization and qualifications prominently	P2	
Tanmay Patil	Shopping Analysis	Category Duplication	Similar products appear across multiple categories	Catalog confusion	Define category ownership rules	P1	
		Product Mapping	Some products may be incorrectly categorized	Poor search accuracy	Validate category mapping	P1	
		Sorting	Trending logic not clearly defined	Inconsistent user experience	Define and validate sorting criteria	P2	
		Filter System	Active filters are not clearly visible	Users may lose track of selections	Add filter indicators and badges	P2	
		Product Discovery	Duplicate listings reduce discoverability	Reduced conversion rate	Remove duplicate product entries	P1	
		Data Quality	Missing images and incomplete metadata possible	Lower product trust	Implement catalog quality checks	P2	
Anandan Nair	Home & Construction	Vendor Coverage	3 categories have zero vendors	Empty marketplace sections	Vendor onboarding campaign	P1	
		Subcategories	69% subcategories have no vendors	Limited customer choice	Expand vendor coverage	P1	
		Fire Safety Equipment	Entire category empty	Missed business opportunity	Partner with certified vendors	P1	
		Aluminum Doors & Windows	No vendors available	Service gap	Add local suppliers	P1	
		Fabrication	No vendors available	Incomplete marketplace	Recruit fabrication businesses	P1	
		Furniture	Several furniture subcategories empty	Limited product availability	Onboard specialized furniture vendors	P2	
		Category Health	Overall section score only 4.6/10	Weak marketplace performance	Improve vendor depth and category coverage	P1	
Aryan Yadav	Services Analysis	Services Search	Main Services page does not have a search bar	Difficult service discovery and longer navigation time	Add global search with auto-suggestions	P1	
	Healthcare Analysis	Medical Services	Most doctor specialties have zero vendors across locations	Users cannot access required healthcare services	Increase healthcare vendor onboarding	P1	
	Vendor Availability Audit	Location Coverage	Vendor availability found only in limited locations (Dentist available only in Kandivali)	Poor service accessibility and low user trust	Expand vendor coverage geographically	P1	
	Service Availability Analysis	Hospitals & Ambulance	No active hospital or ambulance vendors found in audited locations	Critical healthcare service gap	Partner with hospitals and emergency service providers	P1	
	Information Architecture	Service Categories	Services are poorly categorized and difficult to navigate	User confusion and increased drop-off	Create structured parent-child category hierarchy	P1	
	Healthcare UX Analysis	Medical Categories	Medical categories use complex clinical terminology	Users may struggle to find the correct specialist	Use simple and user-friendly category names	P2	
	Vendor Transparency Analysis	Service Listing	Users discover vendor unavailability only after entering service pages	Frustration and wasted user effort	Show vendor count/availability on category cards	P1	
	Order Tracking Analysis	Home Page	No active booking/order status visible on Home Page	Reduced transparency after booking	Add booking/order tracking widget	P2	
	Missing Services Analysis	Service Expansion	Medical, Pharmacy, Eldercare and other high-demand services missing	Lost revenue opportunities and incomplete ecosystem	Introduce new high-demand service categories	P2	
	User Journey Analysis	Service Discovery	Users encounter dead ends due to unavailable vendors	Higher abandonment rate	Implement fallback booking and vendor allocation system	P1	
	Healthcare Vendor Audit	Doctor Categories	Dentist category has limited vendors while most specialties have none	Unbalanced healthcare marketplace	Prioritize onboarding for high-demand specialties	P1	
	Strategic Expansion Analysis	Hyperlocal Services	Several modern services (EV charging, home healthcare, pet grooming, appliance repair) are unavailable	Platform growth opportunities missed	Expand into emerging hyperlocal service segments	P3	
Keshav Gupta	Data Analytics	Response Analysis	Analyzed 300–400 response records	Generated operational insights	Continue response-based monitoring	P2	
		Dashboard KPIs	Dashboard successfully tracks downloads, registrations and feedback	Better decision making	Expand KPI coverage	P2	
		Feedback Tracking	Feedback status monitored through dashboard	Improved issue visibility	Automate feedback tracking	P2	
		Vendor Tracking	Vendor metrics monitored centrally	Improved performance monitoring	Add vendor scorecards	P2	
		Documentation Tracker	Strong documentation monitoring system	Better operational control	Integrate automated reporting	P3	
Insha Bhimani	Automobile Analysis	Category Structure	Flat category hierarchy	Difficult navigation	Create parent-child hierarchy	P1	
		Product Duplication	Products overlap across categories	Catalog confusion	Consolidate categories	P1	
		Tyres Category	Tyres placed as separate top-level category	Extra navigation steps	Move under parts hierarchy	P2	
		Vehicle Navigation	No Car/Bike/Scooter navigation path	Reduced discoverability	Add vehicle-based navigation	P1	
		Spare Parts Mapping	Similar products appear in multiple sections	Search inconsistency	Improve product ownership rules	P1	
Pankaj Rana	Professional Services	Vendor Availability	Multiple categories marked Coming Soon	Users cannot access services	Activate inactive categories	P1	
		Vendor Coverage	Limited professional vendors available	Reduced marketplace value	Increase vendor onboarding	P1	
		Reviews System	Ratings and reviews missing	Reduced trust	Add review system	P1	
		Vendor Verification	Professionals not verified	Credibility concerns	Implement verification badges	P1	
		Appointment Booking	No consultation booking available	Lower conversion	Add booking functionality	P1	
		Inquiry Management	No inquiry tracking system	Poor communication	Develop inquiry management system	P1	
		Professional Portfolios	Portfolios unavailable	Difficult vendor evaluation	Add portfolio showcase feature	P2
